ESSAY OPTIONS

Directions: Select only one (1) of these options and submit in a typed format appropriate for an essay.

Option 1

For most of us, our parents made the profession of Faith for us when we were baptized into the tradition of the Catholic Church. Through the reception of the Sacraments, we personally experience God's plan of salvation through faith. Through the teachings of the Catholic Church, we experience a moral growth that shapes our decisions and deepens our faith in God.

In the first paragraph of your essay, identify the ***role your faith has played in your life, especially during the past ten (10) years***. Support the statement with examples. In the concluding paragraph, address ***how you think your faith will affect your future decision-making***.

OR

Option 2

In the *Catechism of the Catholic Church* (P 1653), it states that *(p)arents are the principal and first educators of their children. Parents have the first responsibility for the moral education and spiritual formation of their children*. For 18 years, your parent(s) have influenced your participation in your faith life. When you complete high school, and possibly leave home, your parents' influence will diminish.

In the introductory paragraph of your essay, identify ***the principal reason for your continued participation in your faith life***. Provide at least three statements that support your principal reason. In the concluding paragraph, define ***how you will continue your participation in your faith life***.
